

Dear _____,

I am an avid mountain biker and outdoor recreation enthusiast writing to urge you to work with your colleagues in Congress to help pass the following outdoor recreation bills before the end of this Congress. These bills benefit the recreation economy and will lead to better recreation management, more secure funding and improved environmental conditions for mountain bikers and other recreationists.

The bills below all have bipartisan support, benefit outdoor recreation and many have already made substantial progress through key committees. We are relying on your leadership to secure the legacy of the 115th Congress. Please work to see these important bills across the finish line this Congress!

The following five bills are a priority for me. They benefit the recreation economy here in the Teton Region, specifically mountain biking, and help serve all Americans across the country. This includes more outdoor opportunities for veterans and diverse socio-economic populations. Thank you!

1. Permanent reauthorization and full funding for the Land and Water Conservation Fund (S.569, H.R.502)
2. The Recreation Not Red-Tape Act (S.1633, H.R.3400)
3. Restore Our Parks and Public Lands Act (S.3172, H.R.2584)
4. Every Kid Outdoors Act (S.1522, H.R.3186)
5. RTP Full Funding Act (S.3604, H.R.7202)

Sincerely,
